All this would not be possible without the

# ***Appreciation***

---

The De La Salle Community at St. Stephen's join with the Committee in expressing deep appreciation to the wonderful firm of Player-Wills for the continued generous sponsorship of Tops of the Town.

Already, much has been done to the old school buildings: renovation and many modern amenities added, so that the school now ranks as one of the brightest and best-equipped in the city. We look forward to the day when our funds will enable us to add an assembly hall so necessary in modern education.

Player-Wills, the leading producers of tobacco goods in the Republic of Ireland, employ about 1,000 people between their Dublin Factory and Cork Depot. The South Circular Road, Dublin estate covers an area of over seven acres and the Factory is equipped with the very latest machinery which, combined with the resources and skills of two of the most famous names in tobacco, ensures that only products of the very highest quality are available to Irish smokers. In addition to being one of the country's leading employers the Company plays an important part in the national economy, through the indirect employment created by its use of home produced products and services where possible, and by the support it gives to sporting, social and cultural projects throughout the country.
